**Re: Global Information Technologies, Inc.
Former Licensee of Broadband PCS Call Sign KNLF555
E911 Phase II Carrier Implementation Report**

Dear Mr. Sugrue:

Global Information Technologies, Inc. ("Global") has asked me to respond to a letter it received from the Wireless Telecommunications Bureau, dated December 27, 2000 (see attached). To summarize, the letter directs Global to submit a report detailing its wireless E911 Phase II ALI implementation plans, or risk being in continuing violation of the FCC's rules and subject to penalties.

Please be advised that Global "surrendered" this broadband C Block license to the Commission on June 6, 1998 as part of the Commission's C Block restructuring proceeding.¹ The FCC's Universal Licensing System reflects that this license has been cancelled (see attached ULS printout). Since Global is no longer the licensee of this call sign, it was not required to meet the Commission's November 9, 2000 E911 Phase II Report deadline.
